Explanatory Notes

The following explanatory notes are based on Tax Regulations as implemented in the UK. If you have any questions about your organisation's classification, please contact your tax adviser.

Definitions common to FATCA and CRS

¹ Tax Regulations

The term "tax regulations" refers to regulations created to enable automatic exchange of information and include Foreign Account Tax Compliance Act (FATCA), and the OECD Common Reporting Standard (CRS) for Automatic Exchange of Financial Account Information (AEOL).

² FATCA and CRS

FATCA

The Foreign Account Tax Compliance Act (FATCA) legislation has been introduced by the United States government, to help counter US tax evasion by encouraging better reporting of information. Guidance is issued under sections 1471 to 1474 of the US Internal Revenue Code and the Treasury regulations and thereunder can be amended from time to time. The FATCA regulations came into force in the UK on 15 April 2015 and have been adopted under The International Tax Compliance Regulations 2015.

CRS

Common Reporting Standards (CRS) has been developed by the OECD to help fight against tax evasion around the world. CRS came into force on 01 January 2016 under The International Tax Compliance Regulations 2015.

³ Controlling Persons

The term "Controlling Persons" means the natural persons who exercise control over an Entity. In the case of a trust, such term means the settlor, the trustees, the protector (if any), the beneficiaries or class of beneficiaries, and any other natural person exercising ultimate effective control over the trust, and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions. The term "Controlling Persons" must be interpreted in a manner consistent with the Financial Action Task Force Recommendations.

Control

"Control" over an Entity is generally exercised by the natural person(s) who ultimately has a controlling ownership interest in the Entity. A "control ownership interest" depends on the ownership structure of the legal person and is usually identified on the basis of a threshold applying a risk-based approach (e.g. any person(s) owning more than a certain percentage of the legal person, such as 25%). Where no natural person(s) exercises control through ownership interests, the Controlling Person(s) of the Entity will be the natural person(s) who exercises control of the Entity through other means. Where no natural person(s) is identified as exercising control of the Entity, the Controlling Person(s) of the Entity will be the natural person(s) who holds the position of senior managing official.

- 3.1 The term "tax regulations" refers to the International Tax Compliance Regulations 2015 which implements the Foreign Account Tax Compliant Act (FATCA) and the OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (CRS).
- 3.2 In general, you are tax resident where you are liable to taxes, based on where you live and work permanently although different jurisdictions have different rules in relation to tax residency.
- 3.3 Those countries that have agreed to exchange information under FATCA and CRS.
- 3.4 Please confirm what type of Controlling Person applicable under CRS that applies to you/the investor
 1. Controlling Person of a legal person – control by ownership
 2. Controlling Person of a legal person – control by other means
 3. Controlling Person of a legal person – senior managing official
 4. Controlling Person of a trust – settlor
 5. Controlling Person of a trust – trustee
 6. Controlling Person of a trust – protector
 7. Controlling Person of a trust – beneficiary
 8. Controlling Person of a trust – other
 9. Controlling Person of a legal arrangement (non-trust) – settlor-equivalent
 10. Controlling Person of a legal arrangement (non-trust) – trustee-equivalent
 11. Controlling Person of a legal arrangement (non-trust) – protector-equivalent
 12. Controlling Person of a legal arrangement (non-trust) – beneficiary-equivalent
 13. Controlling Person of a legal arrangement (non-trust) – other-equivalent
- 3.5 The Tax Identification Number is issued by your local tax authority. For example, in the UK this is usually your National Insurance Number.
